Relationship to parties	None — independent witness
Date of incident	2024-01-24

Statement (handwritten, transcribed)

I was nearby on 2024-01-24 when this happened. What I saw: Deer collision on rural highway at dusk. Photos on file. Afterwards I could see damage to the Subaru — hood, grille, radiator, left headlight assembly. I gave my number to the driver in case it was needed.

Attestation

The above statement is true to the best of my recollection.
